

## *Fluid Connector Specialist*

### *Aerospace Adapters*

#### **For Ground Based Testing**

- Portable Hydraulic Testing Units
- Central System Hydraulic Power Units
- Hydraulic Filler & Pressurization Units
- Flushing Carts
- Hydraulic Fluid Purifiers
- Portable Fluid Dispensers

# ***AEROCOM ENGINEERED SOLUTIONS***

Aerocom specializes in creating engineered interconnect solutions for the transfer of low to high pressure fluids between aircraft and ground support equipment. If you need a solution for fluid within a high technology industry it's likely that Aerocom has the products and expertise to meet your challenges.

- Aerospace Adapters For Ground Based Testing
- Interconnect Conversion Fittings
- Precision Machined 316SS Hose Couplings
- 316SS Hydraulic Tube & Pipe Adapters
- Aeronautical Fluid Connectors
- PTFE High Pressure Hose Assemblies

## ***Aerocom Quality System***

- ISO 9001 : 2015
- CSA B51, B31.1, B31.3
- ASME Section VIII Division 1, Boiler & Pressure Vessel Code
- CRN Certifications Available
